- You love **robots!**

What we do

Wandelbots revolutionizes the way how industrial robots are programmed and used. In contrast to traditional manual programming of robots, Wandelbots enables non-programmers to teach robots by demonstration with various input devices. People can simply demonstrate industrial robots how a task is performed.

Joining us is your chance to work in a unique team of passion-driven experts that will disrupt the current state of industrial automation, challenge everything that's possible and shape a company that is changing the world. At the moment, we are looking for a Financial Controller or Accountant in our Team.

What we offer

- Be part of an **innovative, challenging** and **fun** work-environment in one of the most exciting start-ups in Germany
- Get the chance to work with the **biggest, smallest** and **hottest** companies in the whole world
- State-of-the-art management and communication software

- Flat hierarchies, space for **your** design
- If you are not here yet: live and work in Dresden, a **leading educational, cultural**, and **industrial** center in Germany, located in the picturesque Elbe valley
- Much more than just a fruit basket

Feel free to apply in English or in German!
