How we tick, what we do and how YOU can join us.

Prizeotel is a design hotel without any airs. And even for the budget price. We do not just chatter, we prefer to do it differently from the others. And that looks and feels. Not only in terms of service, equipment and design - right in the heart. For us, a spy tone and the joy of the job is the most important thing. Because honest commitment is a thousand times better than lamenting detail-mad. We assure that a career without burnout - because our credo remains "better than more". And the biggest gift comes in the end every day: the satisfied grin of the guests.

From hello to goodbye, you put joy in every detail. You enjoy dealing with people and stay relaxed and professional in every situation. Whether it was the drink mixed by you or just your smile - your guests will feel well and look forward to seeing you again.

The first impression counts. At prizeotel at the reception you can make the first impression on our guests. And it will be good because you are friendly, smart, helpful, practical and quick - a mix of Scout and Manager, so to speak. Apply!

You can leave out the "you" that is usual in applications, because we also "duce" our guests and still have respect for strangers.
