

Test-Job Aenova-Group EN

Would you like to make a valuable contribution to the health of patients? And do something really meaningful on your own responsibility? Then we look forward to hearing from you! Excellence beyond manufacturing - that's what we stand for as Aenova, one of the world's leading contract manufacturers and developers for the pharmaceutical industry. Our site in Starnberg is the headquarters of the Aenova Group.

Your area of responsibility

- Support and optimization of existing systems
- 1st, 2nd and 3rd level support on site
- Implementation of site-specific IT projects (e.g. in the areas of laboratory, production, quality assurance)
- Coordination and control of external service providers
- Installation of servers, workstations and integration into the network environment

Your profile

- You have completed vocational training or a comparable qualification and have already gained several years of professional experience in the described field of activity.
- You have a high level of customer and service orientation and ideally initial professional experience in direct IT support
- You also have very good knowledge of Active Directory (DNS, DHCP) and ideally have MCSA/MCSE certification.
- Personally, you are a team player, able to work under pressure, work independently and have very good communication skills.
- You have very good German and good English skills

Your motivation

Are you looking for new challenges in a highly competitive environment?

Do you want to tackle them creatively and independently?

You prefer a "get-it-done" culture and think in terms of solutions rather than problems?
